

Product

Application Description

Shelf Life
(Months)

ANTITACKS

CRW 2030, DKW3661D, CRW 2000 All Elastomers

24
Months

- Benefits :**
- Highly versatile antitacks
 - Dries Transparent & will not discolor
 - No white streaks on molded parts
 - No effect on rubber compound
 - Eliminate delamination due to sterates
 - No dust or powder contamination atmosphere.
 - Dilutable
 - Smoother flow

MOLD CLEANERS -OFFLINE CLEANING

F22
F21

Suitable for MS Mold
Suitable for Aluminium Mold

24
Months

- Benefits :**
- Completely compatible with water
 - Quick removal of Polymer remnants
 - Eliminates need for sandblasting
 - Cleaning of Urethane, thermoset elastomers, polyester /vinyl ester resin,waxes, silicone fluid from metal and composite tooling
